

Greetings from Beijing Institute of Technology!

Beijing Institute of Technology is a top university in science and technology in China. We now offer a comprehensive course system in the areas of science and technology as well as management and humanities to degree-seeking students, exchange students and short-term program students across the globe. We also established a complete and powerful scholarship system to support foreign students to study in BIT.

We'd like to provide the following scholarship to your students.

1. For degree-seeking programs, we provide the CSC (China Scholarship Council) Scholarship for 3 master and PhD candidates from your prestigious university. This is a full scholarship for foreign students. Please refer to Attachment I for the details on the coverage and application deadlines.
2. For exchange programs, we offer the BIT Exchange Scholarship to 5 exchange students at all levels from your university to study in BIT for one or two semesters for the academic year 2019-2020. The BIT Exchange Scholarship covers the tuition fee and accommodation on campus. Please refer to Attachment III and IV for the details about these programs.
3. For the 4-Week Short-term Program, they are designed for international students at all levels

who are interested in intensive Chinese language studies, science and engineering, and culture exchanges. Please check Attachment V for more information in this regard.

Прием заявок до середины декабря. Кто заинтересован, пишите Соколовой Е.А.
