

Students of international educational programs defended their master's theses

June 19th students of international educational programs "Power Plants Engineering" and "Electrical Power Engineering" defended their master's theses.

State Examinations Commission was especially impressed by presentations of Karim Ashfar (Egypt), Joselito Murillo (Ecuador), Yasin Mansoori (Iran), Pavel Sitkin (Russia), Kaushikk Iyer (India) and Bashar Saleh (Syria).

S.O.Makoyev, Deputy Director for International Educational Programs and International Students congratulated graduates with their accomplishments and wished them the best of luck in their careers.
